ABOUT

My name is Ashvini Chourasia. I am a second-year B.Tech CSE student at SRMIST, KTR, passionate about full-stack development and continuous learning. Skilled in Java frontend, teaching, and cooking, I enjoy teamwork, sports, and exploring technology, history, and global ideas to create meaningful impact.

TILL 4TH SEM

- Explored the basic knowledge about college life and personal life and how to handle both
- Got basic knowledge about engineering such as civil, mechanical, electrical, chemical, biological and electronics knowledge
- Learnt basic about some programming languages such as C, Python, C++, Java
- Figured more about life, teamwork, friendships communication skills & improved my public speaking skills & participated in 1 ideathon & 1 hackathon
- Learnt basic about some core subjects such as OPERATING SYSTEM, DATA STRUCTURE AND ALGORITHM, DESIGN AND ANALYSIS OF ALGORITHM

FUTURE CAREER PLAN

- Focus on my mental health and peace majorly.
- Build some skills in Frontend developing.
- Expand my interest on earth, history and politics
- Start some basic project to enhance my skills
- To improve my coding skills and problem solving skills
- If possible, start my teaching channel in youtube
- Learn everything to teach anyone
- Build life surviving skills to make my life easy and develop confidence, self respect and self love
